

## Year 5/6 Curriculum Map: Autumn 2018

### Digital citizenship

- Staying safe online
- Protecting personal information
- Reporting problems

### Maths

Key skills in each of the areas below are taught through a problem solving approach.

- Number & Place value
- Additive reasoning- addition and subtraction
- Multiplicative reasoning – multiplication and division

### Science

#### Earth & Space

e.g. phases of the moon, seasonal variation, relative size and features of different planets.

### Learning Journey

Our first learning journey is 'Out of this world'. We are going to be learning all about earth and space, beginning our topic with a visit from a mobile planetarium. Our second learning journey will be an in-depth focus on Advent, including how this is celebrated around the world.

### Religious Education

- Creation
- Prayer, feasts and saints
- Advent

### Literacy

- Each half-term, there will be a fiction and non-fiction focus. We will cover a range of genres and text-types.

### PSHE

- Online safety
- Fire Safety

### Art & DT

- Linked to Science "Out of this world"
- 3D project

### Physical Education

- Circuits/Gymnastics/dance
- Tag Rugby
- Tennis
